ABOUT US

Company Overview

We are a specialist consulting firm providing commercial forensic investigations, cybersecurity, risk advisory, data analytics, training services, and technological solutions. Through a combination of expertise, innovation, and practical experience, we help organisations manage risk, strengthen governance, protect assets, and make informed decisions with confidence.

The Story Behind SIFTCON

Founded in 2019, SIFTCON was established to assist organisations with commercial forensic, cybersecurity, and risk management solutions. Through a combination of skills, experience, innovation, and practical insight, we help our clients navigate complex challenges, protect critical assets, and make informed decisions.

The name SIFTCON combines "SIFT", reflecting our ability to analyse information and uncover critical facts, and "CON", representing consulting and trusted advisory services. Together, it embodies our commitment to transforming information into actionable intelligence.

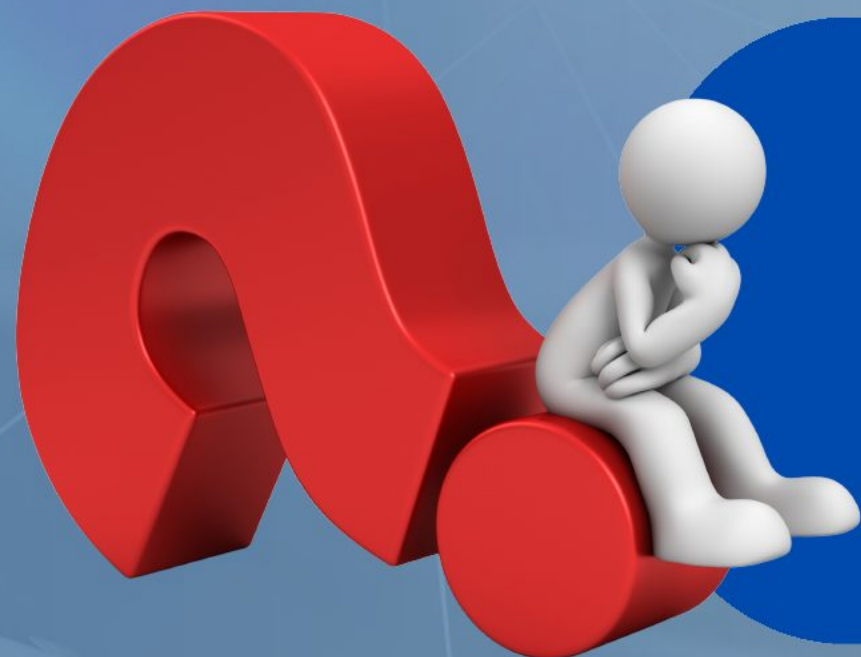

OUR VISION

To be a leading provider of forensic, cybersecurity, risk intelligence, training and development, and technology solutions, empowering organisations across Africa to strengthen resilience, enhance capability, make informed decisions, and achieve sustainable success.

OUR MISSION

To deliver innovative and professional services and solutions that help organisations identify risks, strengthen governance, protect assets, build capability, and make informed decisions with confidence.

THE PROBLEM

Organisations face growing challenges from cyber threats, commercial crime, regulatory demands, and rapidly evolving technologies. Without the right expertise and visibility, these risks can lead to financial loss, reputational damage, and missed opportunities.

OUR SOLUTION

At SIFTCON, we combine commercial forensics, cybersecurity, risk advisory, data analytics, training, and technology solutions to help organisations identify risks, uncover critical insights, strengthen resilience, and make informed decisions with confidence.

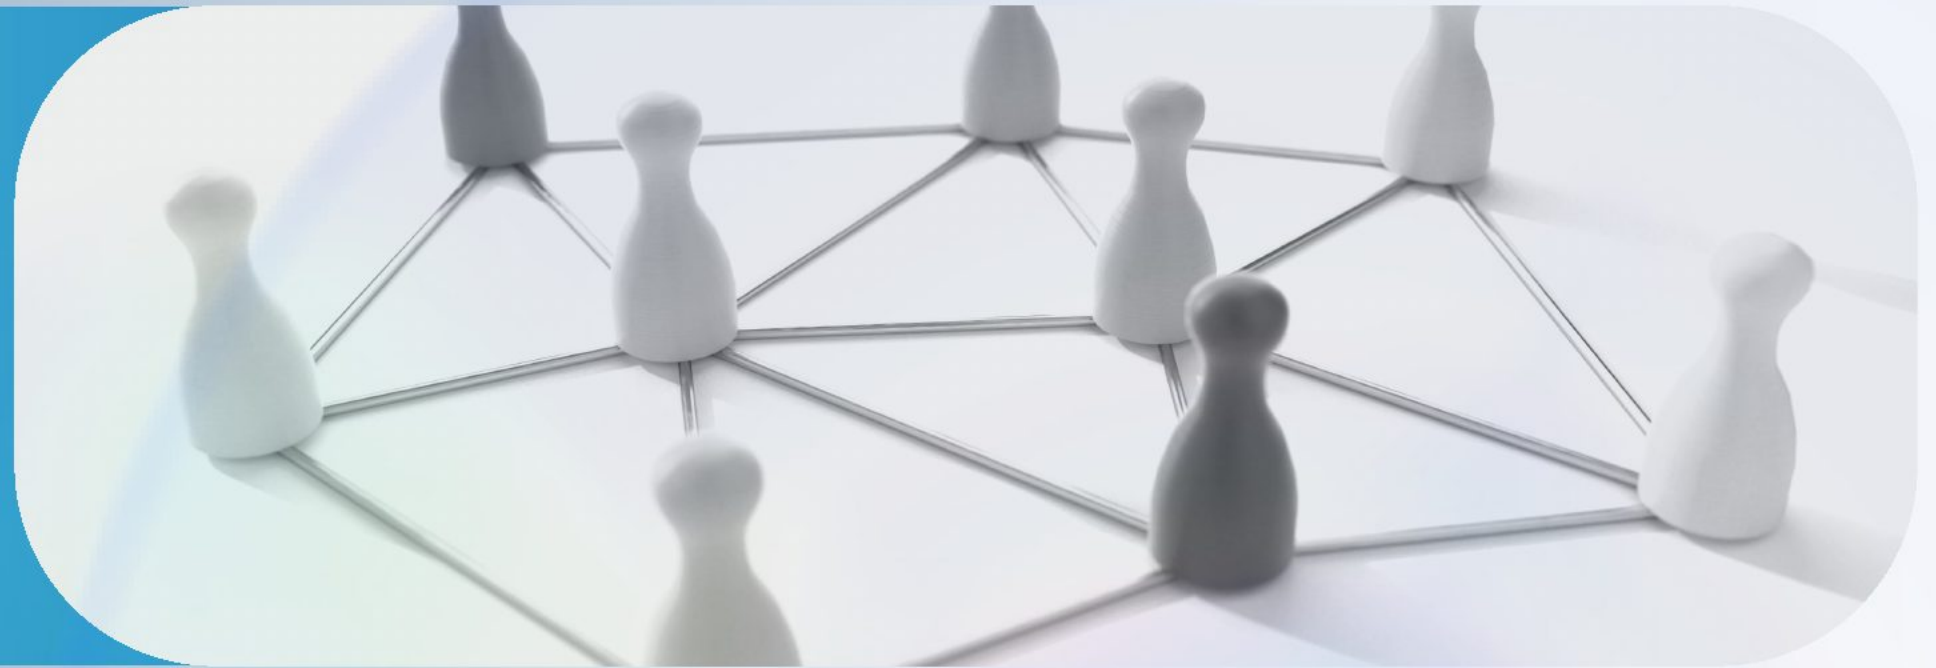

SIFTCON

Empowering Insights

WHY SIFTCON?

We have a multidisciplinary approach that provides a holistic view of organisational risk, enabling our clients to identify threats, uncover opportunities, and make confident, informed decisions.

THE BENEFIT

Our clients benefit from direct access to experienced specialists and decision-makers, enabling faster communication, efficient coordination, and responsive service delivery. As a focused and streamlined organisation, we are able to provide personalised attention, practical solutions, and competitive pricing without the burden of excessive overheads.

OUR SERVICES

Commercial Forensics

- Commercial Forensic Investigations
- Forensic Audits and Reviews
- Procurement and Supply Chain Investigations
- Digital Forensics and Incident Response
- Litigation Support and Expert Witness Services
- Governance, Compliance and Assurance Reviews

We support organisations in addressing misconduct, financial irregularities, disputes, accountability concerns, and complex organisational challenges.

Our approach focuses on uncovering facts, preserving evidence, enhancing transparency, and providing reliable findings that support sound decision-making, dispute resolution, regulatory obligations, and organisational improvement.

Cybersecurity & Technology Solutions

- Cybersecurity Assessments
- Ethical Hacking and Penetration Testing
- Threat and Vulnerability Assessments
- Insider Threat and Productivity Monitoring
- Real-Time Cybersecurity Monitoring
- Security Technology and Hi-Tech Solutions

We help organisations enhance resilience against evolving digital threats by identifying weaknesses, improving visibility, strengthening protective measures, and supporting continuous oversight of critical environments.

Through proactive strategies and advanced capabilities, we assist clients in safeguarding information, infrastructure, and business operations.

Risk Intelligence & Capability Development

- Risk Advisory and Consulting
- ICT Audits and Technology Reviews
- Data Analytics and Business Intelligence
- Data Conversion, Digitisation and Reconciliation
- Professional Training and Skills Development
- Cybersecurity and Forensics Awareness Programmes

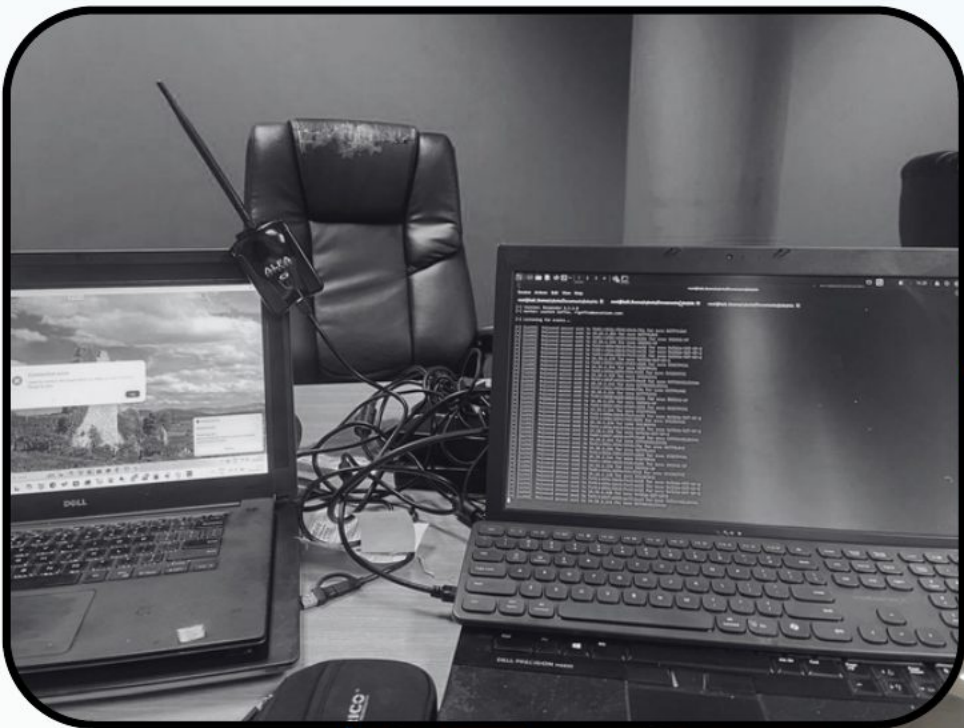

We help organisations transform data into actionable insights, improve decision-making, strengthen governance, and build internal capability.

Through advisory services, analytical expertise, and practical learning solutions, we enable our clients to enhance performance, improve accountability, and respond effectively to evolving business and technology challenges.

PROJECTS

Over the years, SIFTCON has successfully delivered a diverse range of projects across the public and private sectors. Our experience spans forensic investigations, cybersecurity assessments, digital forensics, data analytics, risk advisory, and training engagements. Through each project, we remain committed to delivering practical solutions, measurable value, and trusted insights that help our clients address challenges, strengthen controls, and achieve their objectives.
