

SIFTCON

Empowering Insights

COMPANY PROFILE

2025

With a focus on integrity, expertise, and innovation, we aim to be your trusted partner in navigating the challenges of today's digital and operational landscape.

WELCOME MESSAGE

Dear Valued Clients and Partners,

On behalf of the entire SIFTCON team, I want to extend a warm welcome to you. We are honored to have the opportunity to work alongside you in securing your business, optimizing your operations, and tackling the complexities of today's digital world.

At SIFTCON, we believe in a future where every organization is equipped to face challenges head-on with confidence. Our team is committed to providing you with unparalleled expertise, innovative solutions, and a steadfast partnership every step of the way. Whether it is safeguarding your digital infrastructure, conducting in-depth forensic investigations, data analysis or providing insightful risk assessments, we are here to ensure your success.

Thank you for trusting SIFTCON. We look forward to a lasting and successful partnership.

Best regards,

Stanly Machote

ABOUT US

A Brief Story About SIFTCON

2022 WINNER

At SIFTCON, we are dedicated to providing world-class solutions in cybersecurity, forensic investigations, business risk management, data analytics, and ICT support. Founded in 2019 with a mission to empower organizations in the face of ever-evolving challenges, we combine expertise, integrity, and innovation to safeguard businesses and foster resilience. Our name reflects our purpose: "SIFT", meaning to examine with great care, and "CON", representing consulting. We carefully analyze, assess, and address risks to ensure your business remains secure, compliant, and ready for growth.

SIFTCON provides diverse services, including cybersecurity assessments, vulnerability testing, forensic audits, data analytics, training, and hi-tech product support. Trusted by clients across finance, healthcare, government, and private sectors, SIFTCON is committed to excellence and professionalism.

At SIFTCON, we don't just deliver solutions; we build lasting partnerships, helping our clients navigate the complexities of modern business with confidence. Our forward-thinking approach ensures that we remain at the forefront of industry trends, empowering you to focus on what matters most—growing your business securely and efficiently.

OUR VISION

To be the leading regional provider of innovative and reliable solutions in cybersecurity, forensic investigations, data analytics, and risk management, empowering businesses and organizations to thrive securely in an increasingly complex digital world. We aspire to build a future where every organization is equipped to mitigate risks, embrace technology, and achieve resilience, fostering trust, transparency, and growth across all sectors.

OUR MISSION IS TO DELIVER INNOVATIVE SOLUTIONS AND EMPOWERING INSIGHTS THAT SAFEGUARD OUR CLIENTS' INTERESTS, ENSURE COMPLIANCE, AND ENHANCE OPERATIONAL RESILIENCE IN AN INCREASINGLY DIGITAL WORLD.

**OUR VALUES | INTEGRITY • EXCELLENCE • INNOVATION
CUSTOMER-CENTRICITY • COLLABORATION**

OUR SERVICES

We offer comprehensive solutions in cybersecurity, forensics, risk management, ICT audits, data analytics, and training.

01

Cybersecurity Assessments

We identify vulnerabilities, mitigate risks, and enhance security to protect organizations from evolving cyber threats.

02

Commercial Forensics

We uncover fraud, detect irregularities, and provide actionable insights, ensuring compliance and safeguarding organizational integrity.

03

Risk Management

We help organizations identify risks, optimize ICT systems, ensure compliance, and enhance operational efficiency and security.

04

Data Analytics

We empower organizations with actionable insights by transforming complex data into meaningful patterns for smarter decisions.

05

Training and Development

We empower organizations with specialized training, building skills in cybersecurity, forensics, risk management, and emerging technologies.

06

Hi-Tech Product Sales

We provide advanced technology solutions, seamless integration, and reliable support to enhance security and efficiency.

CYBERSECURITY ASSESSMENTS & PENETRATION TESTING

Cybercrime and Cyber Breaches are Rising

At SIFTCON, we understand the critical importance of securing your digital assets in an ever-evolving threat landscape. Our Cybersecurity Assessments and Penetration Testing services are designed to identify vulnerabilities, assess risks, and provide actionable solutions to fortify your organization's defenses.

We help you meet regulatory and industry compliance standards by delivering detailed, easy-to-understand reports with findings, risks, and remediation strategies

OUR APPROACH

Comprehensive Security Assessments:

We evaluate your IT infrastructure, applications, and network to identify weaknesses that could be exploited by malicious actors. This includes analyzing security policies, configurations, and compliance with industry standards.

Penetration Testing (Pen Testing):

Our certified ethical hackers simulate real-world cyberattacks to uncover vulnerabilities in your systems. From external threats to internal risks, we test every layer of your digital environment to ensure comprehensive protection.

Risk Prioritization and Mitigation:

After identifying vulnerabilities, we prioritize risks based on their impact and likelihood. Our team provides tailored recommendations and actionable insights to strengthen your security posture.

FORENSIC AUDITS & INVESTIGATIONS

Cybercrime and Cyber Breaches are Rising

At SIFTCON, we specialize in uncovering the truth with precision, integrity, and confidentiality. Our Forensic Audits & Investigations service is designed to help organizations detect, investigate, and resolve financial irregularities, fraud, misconduct, and breaches of policy or law.

We combine cutting-edge forensic tools with deep expertise to conduct comprehensive audits that identify hidden risks and vulnerabilities.

Whether it's tracing financial discrepancies, analyzing digital evidence, or investigating corporate fraud, we deliver actionable insights that support legal, regulatory, and strategic outcomes.

KEY FEATURES OF OUR FORENSIC SERVICES

Fraud Detection and Prevention

We help identify fraudulent activities and implement preventive measures to safeguard your organization's assets.

Financial Forensic Analysis

We conduct in-depth reviews of financial records to detect irregularities and ensure compliance with industry standards.

Digital Forensics

We offer advanced technology to retrieve, analyze, and present digital evidence for legal and internal investigations.

Litigation Support

We provide expert testimony and evidence-based reports to support your case in court or arbitration.

Risk Mitigation Strategies

We develop tailored solutions to reduce the likelihood of future incidents and enhance organizational resilience.

BUSINESS RISK & PROBITY ADVISORY

Cybercrime and Cyber Breaches are Rising

At SIFTCON, we understand that navigating today's complex business environment requires more than just identifying risks—it demands proactive management and ethical oversight. Our Business Risk & Probity Advisory services are designed to help organizations strengthen their resilience, enhance decision-making, and ensure transparency in all operations.

Probity Advisory

Ensure integrity and fairness in decision-making processes, including procurement, tenders, and governance.

KEY SERVICES IN BUSINESS RISK ADVISORY

Enterprise Risk Management (ERM)

We develop and implement comprehensive frameworks to identify, assess, and manage risks across your organization.

Compliance & Regulatory Support

Ensure adherence to industry standards, laws, and regulations to minimize legal and operational risks.

Strategic Risk Assessment

Evaluate risks related to strategic objectives and help align business strategies with risk tolerance levels.

Operational Risk Management

Address risks in processes, systems, and people to improve efficiency and reduce disruptions.

Crisis Management and Business Continuity Planning

Prepare for unforeseen events with tailored strategies to ensure resilience and swift recovery.

ICT AUDITING & CONSULTATION

At SIFTCON, our ICT Auditing & Consultation services are designed to help organizations optimize their IT infrastructure, enhance operational efficiency, and align technology with business objectives. By focusing on performance, compliance, and strategic alignment, we empower your organization to fully leverage its technology investments.

We are committed to transforming your IT environment into a strategic asset that drives growth and innovation. Let us help you streamline your operations and achieve your business objectives with confidence.

Strategic IT Consultation

- We provide expert advice on IT planning, investments, and digital transformation initiatives.
- Helping businesses adopt emerging technologies to stay competitive.

OUR ICT AUDITING & CONSULTATION SERVICES

Managed Service Provider (MSP) Solutions

Delivering proactive IT support and maintenance to ensure seamless operations.

Infrastructure and System Audits

Comprehensive evaluation of IT infrastructure, including hardware, software, and network components.

IT Governance and Compliance

Reviewing IT policies and processes to ensure they align with industry standards and regulatory requirements.

Performance and Resource Optimization

Assessing system performance to identify bottlenecks and implement enhancements.

Data Management and Backup Reviews

Ensuring data accuracy, reliability, and accessibility through effective data management practices

DATA ANALYTICS

At SIFTCON, we harness the power of data to unlock insights, drive informed decision-making, and enhance operational efficiency. Our Data Analytics services empower organizations to make sense of their data, transforming raw information into actionable strategies that foster growth and innovation.

Our Approach

We combine advanced analytical tools with industry expertise to extract meaningful insights from complex datasets. Whether it's improving processes, identifying trends, or predicting future outcomes, we help you leverage data as a strategic asset.

With SIFTCON's Data Analytics services, you can move beyond intuition and make decisions with confidence, backed by data that drives success. Let us help you turn information into innovation.

KEY SERVICES

Business Intelligence and Reporting

Transform raw data into intuitive dashboards and reports that provide a clear view of your organization's performance.

Predictive Analytics

Use historical data and machine learning models to forecast trends, customer behavior, and potential risks.

Process Optimization

Identify inefficiencies in workflows and recommend data-driven strategies to enhance productivity and reduce costs.

Fraud Detection and Prevention

Analyze patterns and anomalies in data to uncover fraudulent activities and safeguard your organization.

Customer Insights and Segmentation

Understand your audience better by analyzing customer behavior, preferences, and demographics for targeted strategies.

TRAINING AND DEVELOPMENT

At SIFTCON, we are passionate about empowering individuals and organizations through comprehensive Training and Development programs. Designed to address the evolving challenges of today's dynamic landscape, our training solutions ensure your team is equipped with the knowledge and skills needed to excel in their roles and drive organizational success.

Our Approach

We combine expert instruction with practical, real-world scenarios to deliver impactful training programs. From cybersecurity to leadership, our courses are tailored to meet the unique needs of your organization, fostering growth and resilience.

KEY TRAINING SERVICES

Cybersecurity Training

Equip your team with the skills to identify, prevent, and respond to cyber threats effectively.

Forensic Investigations and Audits

Learn advanced techniques in detecting and managing fraud, misconduct, and regulatory compliance breaches.

Risk Management Workshops

Understand risk assessment, mitigation strategies, and best practices to build a resilient organization.

Data Analytics Training

Develop expertise in using data-driven insights for better decision-making and process optimization.

Leadership and Soft Skills Development

Enhance communication, teamwork, and leadership capabilities to foster a productive and engaged workforce.

PRODUCT PORTFOLIO

At SIFTCON, we offer a diverse range of cutting-edge products designed to meet your organization's technology and security needs. Our portfolio includes advanced software solutions, robust hardware systems, and specialized tools that drive productivity, enhance collaboration, and strengthen your cybersecurity posture.

Our Portfolio Includes:

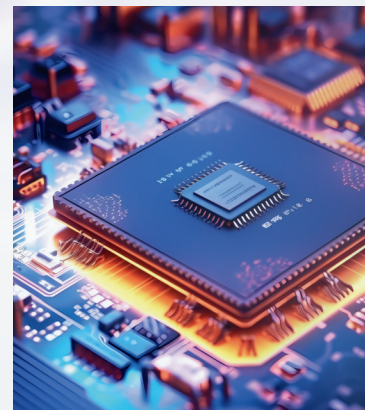

Software Solutions

Our software products are designed to streamline operations, enhance decision-making, and secure your digital environment.

Cybersecurity Software: Advanced solutions for threat detection, endpoint protection, and vulnerability management.

Data Analytics Tools: Platforms for business intelligence, predictive analytics, and real-time reporting.

Enterprise Resource Planning (ERP): Integrated systems for managing business processes and operations efficiently.

Hardware Products

We provide reliable and high-performance hardware to support your organizational infrastructure.

Servers and Storage: Scalable systems for data management and secure storage.

Networking Equipment: Switches, routers, and access points for seamless connectivity.

Laptops and Workstations: Cutting-edge devices to boost employee productivity.

Smart Boards

Enhance collaboration and engagement with our interactive Smart Boards, ideal for modern workspaces and educational institutions.

Key Features:

- Multi-touch functionality for seamless interaction.
- High-resolution displays for crystal-clear visuals.
- Built-in collaboration tools for real-time sharing and brainstorming.

Applications:

- Corporate presentations and meetings.
- Training sessions and workshops.
- Educational settings for interactive teaching.

Firewalls and Cybersecurity Hardware

Protect your organization with our robust firewall solutions and security devices.

Next-Generation Firewalls (NGFW): Comprehensive threat protection, including intrusion prevention, malware blocking, and application control.

Unified Threat Management (UTM): All-in-one solutions for small to medium-sized businesses.

VPN Gateways: Secure remote access for employees working from anywhere.

OUR PROJECTS & CLIENTS

Siftcon has effectively delivered over 25 projects in various sectors, serving clients such as government agencies, financial institutions, healthcare organizations, and corporate entities. The following are some of our projects and clients:

Gateway Airports Authority Limited (GAAL)

From June to November 2020, our team conducted a comprehensive digital forensic investigation at Gateway Airports Authority Limited (GAAL). The project aimed to uncover potential security breaches, unauthorized access, and data vulnerabilities within GAAL's digital infrastructure. Through meticulous analysis of electronic devices, data logs, and network activity, we identified critical insights and provided recommendations to enhance GAAL's cybersecurity defenses. Our findings enabled GAAL to strengthen its security to May 2023,

Project Value R350K **Success Rate 95%**

• GATEWAY TO THE REST OF AFRICA •

African Regional Intellectual Property Organization (ARIPO)

From November 2022 to May 2023, Siftcon conducted an extensive ICT audit at the African Regional Intellectual Property Organization (ARIPO). The audit encompassed a comprehensive review of ARIPO's information and communication technology systems, processes, and security protocols. Siftcon's assessment provided ARIPO with valuable insights and recommendations to enhance its ICT infrastructure and ensure the integrity and security of its intellectual property assets.

Project Value \$27K **Success Rate 98,99%**

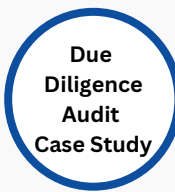

Eastern Cape Provincial Treasury (ECPT)

Between May 2023 and November 2023, Siftcon conducted a thorough data analysis project for the Eastern Cape Provincial Treasury (ECPT). This initiative involved the examination and interpretation of financial and operational data to support strategic decision-making and improve fiscal management within the provincial treasury.

Project Value R2,5M **Success Rate 96,43%**

Department of Basic Education (DBE)

From October 2023 to March 2024, Siftcon undertook a due diligence audit project commissioned by the Department of Basic Education (DBE). The objective was to ensure accurate invoice payments by the department to its service providers.

Project Value R250K **Success Rate 99%**

PARTNERS & GOVERNING INSTITUTIONS

At SIFTCON, we are proud to collaborate with a network of trusted partners and governing bodies that enhance the quality and credibility of our services. Our partnerships include leading technology providers, cybersecurity firms, and industry experts, enabling us to deliver cutting-edge solutions and stay ahead of emerging trends. We are also aligned with recognized governing bodies that uphold the highest standards of professionalism, ethics, and compliance in our field. These affiliations ensure that our practices meet global benchmarks, providing our clients with confidence in the integrity and effectiveness of our services. Together with our partners and governing bodies, we are committed to driving innovation, excellence, and security for the organizations we serve.
